WEST SEASIDE WILL ELECT TODAY

WARM CONTEST BETWEEN RESIDENTS AND NON-RESIDENTS IS PROMISED—RESULTS WILL BE CONTESTED IN COURT.

Considerable interest is being taken in the election to be held at West Seaside today. The validity of the result regardless of which ticket wins will be tested in the courts. A full city ticket will be elected and the fight will be between two factions, the resident and non-resident owners, the former being known as the "Citizens and Home Rule" and the latter the "Home Owners Rule." A. H. Wilson is on the "Home Owners Rule" ticket with H. M. Wheatley for recorder; W. S. Henninger for treasurer and F. D. Lindsley for marshal. The "Citizens and Home Rule" ticket is made up of Alex Kitterman, mayor, and G. M. Grimes, recorder. The candidates for councilmen on the "Home Owners Rule" ticket are A. E. Butterfield, Geo. H. Hill, E. C. Johnson, John F. Logan, A. G. Long, Dan J. Mulroney, C. H. Preece, E. B. Piper and R. W. Wilson and on the "Citizens and Home Rule" ticket, Burke E. Boice, W. P. Grimes, A. H. Shaw, Albert H. Johnson, E. W. Leppa, C. C. Lounes, H. Richter and John Selness.

Out of the 60 ballots which it is thought will be cast 20 are of actual residents of West Seaside while the balance who will attempt to vote are residents of Portland principally. The actual residents will contest the right of the non-residents to vote at this election.

Legal opinion has been received on the right of non-residents to vote in which the sections of the charter are quoted: Section 18 says, "All general elections in said City of West Seaside shall be held in accordance with the general laws of the state and every persons over the age of 21 years, who for more than six months preceding such election has been the owner of a free hold estate in real property situated within the corporate limits of West Seaside shall be qualified and entitled to vote at every special election held under this act and no other person shall be allowed to vote at any such special election."

The opinion states that all general

elections held at West Seaside under the above provisions must be held pursuant to the general laws of Oregon. A general election is one at which municipal officers are elected and a special election is one called for a special purpose. The opinion further states that a resident of Portland or any other city or town outside of the corporate limits of West Seaside has no right to vote for municipal officers under the law. He must be an actual resident of the city.

From this opinion it will be seen that a warm time may be expected and a legal tangle follow:

The fight today will commence on the opening of the polls and will be waged relentlessly until the last ballot has been cast.

SAMSON IN WITH BIG BARGE

Breakwater Arrives With Large Passenger List From Coos Bay—Costa Rica and Alliance Go Out In the Week's Boats—Other Notes.

Travel to coast-ports this season is noticeably heavy, not only to San Francisco, but to Coos Bay, Eureka and Los Angeles. The Costa Rica, which sails today for the Bay City, has her accommodations practically taken and a number of bookings have been made for the Columbia, sailing July 23.

The Roanoke went out yesterday with a big crowd, while the Alliance, for Coos Bay, was well patronized. The Breakwater crossed in early yesterday from the same harbor and will sail Monday evening. On her outward voyage this week she turned away passengers and it is expected she will have a complete list again Monday. The movement is not confined to tourists, but includes persons who are changing their place of residence and an increase in commercial travelers.

The barge Washougal in tow of the tug Samson arrived yesterday.

When the tug Samson which arrived yesterday, towing the barge Washougal from San Francisco, leaves out again it will be towing a barge laden with railway equipment, which is destined for Tillamook, to be used in the construction of the Pacific Railway & Navigation Company's line.

The W. S. Porter went out light—very light for San Francisco.

The steamer Breakwater arrived in from Coos Bay. She had a good complement of passengers and freight. Only one passenger got off at Astoria.

The Red Boy (launch) cleared at the custom house for Bellingham. Capt. Staples will take the helm when she leaves.

The steam schooner Sue Elmore came in from Tillamook.

The Lurline was down on time and brought word of any amount of fish up the river.

The steamer Roanoke left down at 3 o'clock yesterday morning. She had about all the passengers she could carry and lots of freight.

The Alliance left out about 6 o'clock with passengers and freight for Coos Bay. So far the Breakwater has made little difference to her except as a relief.

THE FISH ARE REALLY COMING

ALL ACCOUNTS FROM UP AND DOWN THE RIVER BEAR OUT ABOVE STATEMENT, EXCEPT ONE

It would appear from all accounts obtainable that a run of fish actually commenced on Thursday night. Frequently questioning and a general roundup of all the information it was possible to gather yesterday, point to the fact that the run was continued all day. This morning's account will surely show positively whether the big catches made were only a spurt or were the genuine article—a good sized steady run. Two stories in this connection are worth repeating. The first comes from the Co-operative Cannery. Two of the regular fishermen were unable to go out so Charles Wilson and Frank Kankkonen took their places and came back with "High Boat." They had 54 and 55 fish respectively, earning thus about \$60 apiece. The other story comes from the Tallant-Grant Company. One man caught approximately two tons of fish and drew down \$280! Not so bad. From up the river Captain Larkins reports 40 to 50 tons of fish on the dock at Altona. And also at another cannery they had to hire extra launches to bring in the loads. Many boats were seen going up the river yesterday morning loaded to the "gunnels." It is generally conceded that the pickling catch is well above the average already although the canning catch may not come quite to standard. There are those who say that this will undoubtedly prove the best year of several. On the other hand

one well known canneryman denies emphatically the existence of a run of any proportion, and says that the present flurry is merely a spurt. In support of this he says the cold storage of his company was cleaned up by noon yesterday. It is to be hoped however that this is merely the usual polio (1) denial of a man suffering from a surfeit, that good times are with him.

PERSONAL MENTION.

George Flanagan of Marshfield was a passenger on the Breakwater yesterday on her trip up.

Captain Polhemus, of the Government Korka through from Marshfield on the Breakwater.

E. K. Jones of the Pioneer Hardware Company, of Marshfield, came up on the Breakwater yesterday.

Mrs. Lash and Mrs. Carrington are chaperoning their daughters and friends on a boating and camping excursion.

Del Catheart, county surveyor of Coos county, was a passenger on the Breakwater yesterday from Coos Bay to Portland.

H. M. Brandsford, the well known oyster man of South Bend, and wife, are visiting Astoria. Mr. and Mrs. Brandsford have been but recently married.

Mrs. C. Peterson of Atlas, Ark., is visiting her sister, Mrs. M. Jensen of Smith's Point. This is Mrs. Peterson's first visit to Astoria in 13 years. She will probably remain about three weeks.

J. R. Benton, of San Francisco, accompanied by his wife arrived in Astoria Tuesday morning. Mr. Benton will be in charge of the men's clothing and furnishings at the National, the new shoe and clothing house at 684 Commercial street.

Mrs. J. D. Davis, formerly of the London hospital (Eng.), is in Portland on professional business and later will visit Vancouver (Wash.) The hospital is situated in the Whitechapel District of London and besides being the largest hospital in the city it is situated in the very poorest district. An experience gained there is one which cannot be gained in any other place in the world so far as the people with whom it brings one in contact is concerned. There are probably more accident cases handled there in a day, than at any other single hospital in the world.

AT THE WALDORF THIS WEEK

A WONDERFUL SHOW AND ALL OF IT FREE—BETTER THAN MOST OF THE METROPOLITAN VAUDEVILLE HOUSES.

A crackerjack show and no mistake about it! That's what Manager Wise is putting up at the Waldorf this week. There are all kinds of different acts—to suit every taste. In the first place there are several first-class warblers, there is comic stuff, of the best kind; there is excellent acting in a serious vein, the highest class of juggling—trapeze work, shadowgraphs, moving pictures, and high-class music by the orchestra. What more varied and better program could you ask? Deming and Brogan are funnier than ever. The Zet Zans give the best sleight of hand show ever seen in Astoria. Stanley and Weaver are rare artists and should never be missed, while as for players you can't beat the splendid talent at the Waldorf. Go and visit this place some evening and you will by no means regret it.
